

# AHMED MOHAMMED ELHASSAN AHMED

## CIVIL ENGINEER

Trabzon, Türkiye | +90 531 974 9136 | a.mohammedcivileng@gmail.com

[Portfolio: ahmedmelhassan-portfolio.github.io](#) | [LinkedIn: linkedin.com/in/ahmed-mohammed-elhassan](#)

Nationality: Sudanese

## PROFESSIONAL SUMMARY

Civil Engineering graduate (B.Sc., 2026) from Karadeniz Technical University with broad training across the discipline | structural engineering, geotechnics, transportation, hydraulics and water resources, and construction management | and hands-on site experience from internships in Türkiye and Romania (Erasmus+). Graduation thesis on next-generation sustainable school campus design. Trilingual in Arabic, English (IELTS 6.0), and Turkish (C1 certified). Builds engineering software tools, including a Telegram bot actively used by 440+ students. Seeking a graduate civil engineering role.

## WORK EXPERIENCE

### Civil Engineering Intern | Universitatea Politehnica din Timișoara (Erasmus+)

07/2025 – 09/2025

Timișoara, Romania

- Completed an Erasmus+ traineeship in civil engineering at one of Romania's leading technical universities.
- Worked on structural engineering tasks in an international, English-speaking academic environment.
- Collaborated with faculty and international students, strengthening cross-cultural engineering communication.

### Civil Engineering Intern | Fen Engineering (Fen Mühendislik)

08/2024 – 09/2024

Trabzon, Türkiye

- Supported site and office engineering activities, including quantity surveying and technical documentation.
- Assisted with CAD drafting and preparation of engineering calculation sheets and reports.
- Field supervision support: checked column reinforcement (rebar) against project drawings and monitored slab formwork and shoring works.

## EDUCATION

### Bachelor of Science in Civil Engineering | Karadeniz Technical University

09/2022 – 06/2026 (Graduated)

Trabzon, Türkiye | GPA: 3.19 / 4.00

- Comprehensive civil engineering curriculum: structural engineering, geotechnical engineering, transportation, hydraulics and water resources, construction materials, surveying, occupational health and safety, and construction and project management.
- Thesis: Next-Generation Sustainable School Campus Design | completed with three other students under the supervision of Prof. Dr. Metin Hüsem.
- Engineering software across courses: SAP2000, ETABS, AutoCAD, and Revit.
- Technical documentation: calculation models in Excel, engineering reports in Word, and project presentations in PowerPoint.

## PROJECTS

### Next-Generation Sustainable School Campus Design | Graduation Thesis

2026

- Sustainable vocational school campus for 400 students in Trabzon Değirmendere: seismic analysis of a 4-story reinforced concrete building in SAP2000 (TBDY-2018), campus modeling in ETABS and ideCAD.
- Sustainability systems: solar PV, rainwater harvesting, passive insulation, and IoT-based monitoring.

### KTÜ İnşaat Botu (Civil Engineering Bot) | Telegram Bot + Web Tool

440+ Users

- Button-menu Telegram bot delivering lecture notes for every course of the KTÜ civil engineering curriculum.
- Companion trilingual (Turkish / English / Arabic) web calculator for course grades and GPA, implementing KTÜ's T-score relative grading algorithm.

## TECHNICAL SKILLS

Engineering Software: SAP2000, ETABS, AutoCAD, Autodesk Revit, Primavera P6

Engineering Practice: quantity surveying, visual control and quality inspection, technical reporting and documentation, project management fundamentals

Software and Web: HTML, CSS, JavaScript, Microsoft Excel, Word, PowerPoint, Adobe Photoshop, Canva, Google Drive, Git and GitHub

Social Skills: self-development focused, solo learner, working under stress, adaptation

## LANGUAGES

---

Arabic: Native

Turkish: C1 (Proficient) | [View C1 Certificate](#)

English: IELTS Band 6.0 | [View IELTS Certificate](#)

## CONFERENCES AND SEMINARS

---

**4th International Civil Engineering and Architecture Conference** 05/2025

Trabzon, Türkiye

**Digital Construction Summit** 02/2025

Trabzon, Türkiye

## VOLUNTEERING AND LEADERSHIP

---

**Management Team Member | GENÇ İMO, KTÜ** 01/2022 – 11/2024

Young Members Committee, Chamber of Civil Engineers

**Media Officer | Sudanese Students' Union in Trabzon** 11/2023 – 06/2024

**Volunteer | Turkish Red Crescent** 02/2022 – 08/2022

**Volunteer | Civil Engineering Students Association (CESS), University of Khartoum** 2021
